**Care Chemicals**

We confirm that the product listed above is a polymer which requires no registration under the REACH Regulation. Furthermore the REACH Regulation does not take uses for polymers into account. Therefore, a chemical safety assessment is not required for polymers and no extended safety data sheets will be created. Thus, in terms of Responsible Care®, we will provide actualized safety data sheets for each of our products as before though they are not required according to Art. 31.

We confirm that the products delivered to you contain no substances affected by Art. 7 (Registration and Notification of Substances in Articles).

Nevertheless, the suitability of the articles/finished products for the application concerned and observance of any given limitations/legislations have to be ensured in each case by the person who introduces the articles/finished products into circulation. BASF SE makes no warranties, express or implied, concerning the suitability of above mentioned product for use in any medical device, pharmaceutical or cosmetic applications.
